MEMORANDUM FOR: Lieutenant General James A. Williams, USA
Director, Defense Intelligence Agency

SUBJECT : Declassification of SAC Study

25X1

1. As we discussed the other day by phone, I have consulted with the DDCI and we cannot at this time authorize the declassification of the Strategic Air Command study "Soviet Military Capabilities - 1984."

25X1

2. SAC's assessment is well done, and there is ample precedent for declassification in DIA's "Soviet Military Power" and earlier versions of "Soviet Military Capabilities."

25X1

3. However, "Soviet Military Power" currently is under review to determine what the Soviets may have learned from the three "SMPs" published to date. This Community review under NIO auspices should be completed within several weeks. It does not seem prudent to authorize any further declassification of detailed intelligence studies until we have in hand the results of that effort.

25X1

4. I would be happy to call General Doyle and explain our concerns to him, if you wish.
